

Drinks

Coffee

Our beans are sourced from Jumping Bean in St John's and are entirely fairly traded, and organic where possible. We are proud to support Jumping Bean's initiative to use the EcO₂ roasting system, which reduces CO₂ by 85%. All our coffees are made from freshly ground beans and whole milk. If you prefer 2%, low fat, soya or almond milk please ask.

House Mugs

Our 'House Mug' option is our way of giving a little bit back. We buy our mugs from a Thrift shop, or they are donated to us, and we give them a new life serving coffee to you. Each time you use a 'House Mug' we donate 5c to charity. Last year it was a local charity *Feral Felines* to support their work with stray cats.

Guatemalan

Light, creamy and rich - irresistible!

Ethiopian

A dark roast, from the country where coffee originated. An excellent coffee with a robust flavour and satisfying finish.

Mexican

A dark, rich roast with a full-bodied chocolatey edge.

Mexican Decaffeinated

Decaffeinated using CO₂ caffeine extraction.

Hot Chocolate

We use *Camino* fair trade, organic hot chocolate.

Small	\$3.00
Large	\$4.35

continued over

Tea

We pride ourselves in sourcing the finest teas for you. Wherever we can we use rain forest certified, fairly-traded and organic teas.
